

What can we do to prevent or prepare for bushfires?

- In Australia during the last 12 months over 18 million hectares of land have been burnt, over 30 people killed, more than 3000 houses lost and roughly a billion animals have perished.
- How can we help Queenslanders prepare for bushfires?
- What can we do to reduce the risk of fires occurring or causing damage to property or wildlife?

How to prepare your solution:

1. Think about the challenge question and additional information above.
2. Search for data to use. Your solution must use at least one dataset from data.qld.gov.au however you can mix and match this with data from other sources.
3. Develop a unique, creative solution to the challenge question. Check out [last year's winners](#) for some examples.
4. [Prepare your 3-minute video](#) based on GovHack's guidelines.
5. [Submit your solution](#) including the video and a minimum viable product via the Hackerspace.
6. Get ready for the awards night!
